

Thematic Summer Camp 2018

Let's Dance!

July 3-July 6

Join us in exploring the world of music and dance. From Bollywood to Break dancing, children will have the opportunity to learn about different styles of dancing and music.

Cooking up a Storm

July 9- July 13

Help us whip up some yummy concoctions in the kitchen! We will make everything from tacos to pizza to pancakes and so much more. Kids will have fun learning about different foods of the world while getting their hands dirty.

Wild Water Fun

July 16- July 20

Its times to cool off and have some fun with water! Water balloons, water experiments and so much more. Who knew the wonderful world of water could be this fun!

Earth Week

July 23- July 27

Have fun learning all about our great planet and the exciting animals that live on it. Kids will have the opportunity to learn about the 3'R and why they are important. They will also have an opportunity to learn about the different types of plants and animals that live on earth and why they are important. Come join us for Earth Week!

Medieval Times!

July 30- Aug 3

Let's learn about Kings, Queens, and Knights during this trip back in time! Kids will have a blast learning about the medieval time period in fun creative ways. We will use crafts and theater to help them learn about what life was like.

Wonderful World of Science

Aug 8- Aug 10

Let's explore the wonderful world of science with exciting, hands on experiments. We will learn about what happens when you mix baking soda and vinegar together, and the wonder of static electricity and how it can make a paper butterfly flap its wings. Join us in letting loose our inner scientist for our wonderful week of science!

Master Builder

Aug 13- Aug 17

Put your architecture skills to good use in this fun filled Lego week. Kids will have a chance to let their imaginations run wild and see what they can build. This week we will also see what shapes we are able to build with the Lego.

Art Attack!

Aug 20 – Aug 24

Let's out your inner artist during art week. Kids will have the opportunity to explore different forms of art such as melted wax art, spray bottle painting and so much more. They will be able to explore their imagination in the form of art and learn about different art styles in the process.

My Continent, My Country

July 3rd – 6th

Learn about North America with focus on Canada. Introduce different countries in North America with their flags and traditions. We will learn what makes our country unique, also our provinces and some history about the natives.

Fun with Food

July 9th - 13th

The different food groups, some differences about proteins and carbs. We will enjoy making a healthy, balance meal by focusing on the food pyramid. Fun with some fireless cooking.

Wonders of Water

July 16th – July 20th

What makes water so mystic? We will learn about water cycle by conducting experiments and write some observations. Discover the different forms of water by experimenting with solid, liquid and gas. What is a Popsicle? Let's find out!

Our beautiful Earth

July 23rd – July 27th

Earth has 3 main characteristic Land, Air, Water - We will learn how lives on earth mean living in harmony. It is important to co-exist. We will spin a web to find out why land, air, water are so important. We will learn to care for all living things

The Land of Castles

July 3rd – Aug 3rd

It will be an educational journey through Europe by experiencing various countries, by traditions, costumes and food. We will learn about some landscapes and maps, and flags.

Magic of Science....

Aug 8th – 10th

Science is magical but we will talk about logic behind the magic. By reasoning our students will learn some fun facts. Find out what makes some metals attract? What objects float and why?

Illusions with lines

Aug 13th – 17th

Illusions can be because of how the image looks! Curved lines or straight lines? Students will learn how to use rulers with a purpose, measuring lines and making angles. Lines – Horizontal, vertical, diagonal – Angles and the art of making figures with sticks

Artist's Palette

Aug 20th – 24th

Make our very own portfolio by creating a variety of masterpiece. We will learn about color mixing, make primary, secondary and complimentary colors
Why some colors tell us how we feel?
